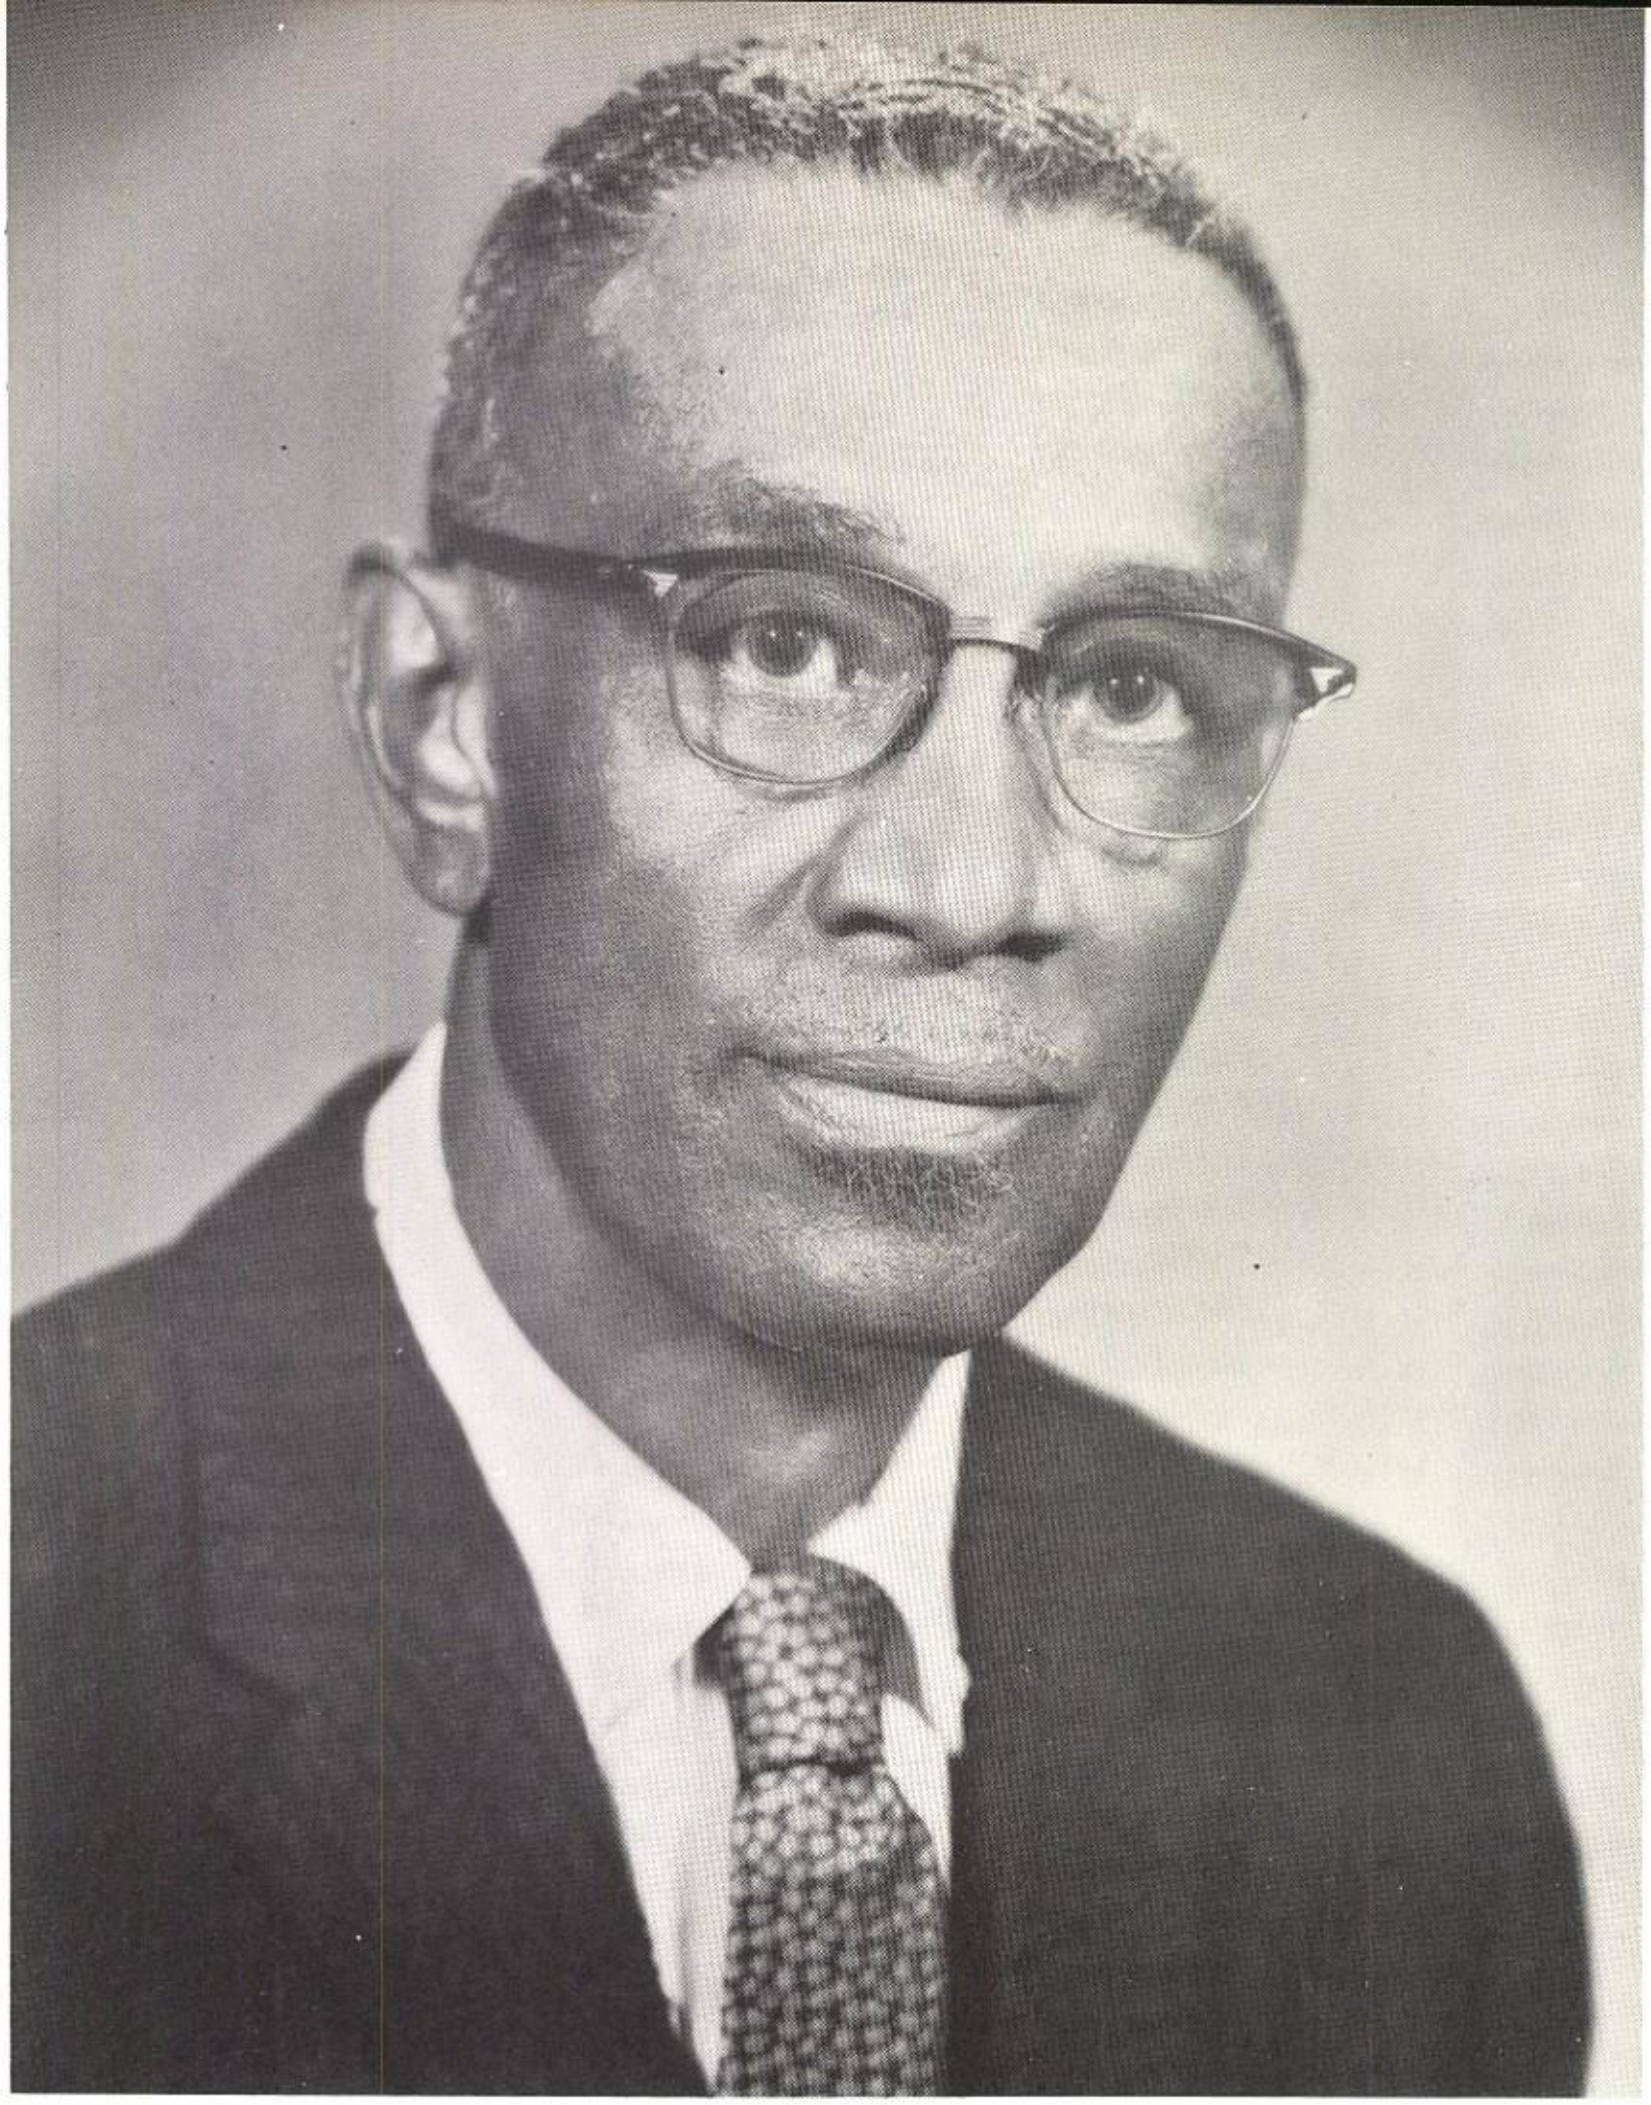
FOREWORD

With our school year swiftly closing, we pause to catch a final glimpse of the happiness and friends we've had. Many things have happened this year which we shall never forget. We find ourselves holding closely to our hearts the fond memories of this past year at M. T. H. S.

In later years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '61, we shall be content knowing that you made it and we've preserved it through word and picture.

The "BULLDOG" Staff



DEDICATION

The Yearbook Staff proudly dedicates the 1961 "BULLDOG" to Mr. Claude A. Riley, former principal of Manual, founder of the Student Council, Hi-Y, and inaugurator of the Miss Manual Pageant. Mr. Riley's lofty ideals are deeply implanted into the lives of his former students as well as those of today. This gesture is a token of our appreciation for his 39 years of faithful service to Manual.

PRINCIPAL'S MESSAGE

We hereby extend commendations to the yearbook staff and all who contributed to the successful publication of the 1961 BULLDOG. We are pleased to note the fine manner and spirit of devotion and work that prevailed among the group throughout this project. The lessons learned herein, when practiced in adult life, will distinguish them as outstanding citizens.

'Tis gratifying to know that you have dedicated this edition of the BULLDOG to Mr. Riley who has given his entire professional career to Manual. His contributions to the success of so many students who have passed through the halls of Manual will bring dividends that will be a source of great consolation. Certainly, his life has been, and is, an inspiration to all who have been fortunate enough to come under his influence.

Chapter 2

THE BEGINNINGS OF GOVERNMENT IN THE UNITED STATES

The roots of American government reach deep into the past. Our system of government as it now exists is not entirely the result of any one influence or the work of any one person. It is a product of many forces and many men working together over a period of more than three hundred years. Some political insight or the wise solution of a problem met in this way by Sir

Our English Heritage

French, Spanish, Dutch, Swedish, and other Europeans settled in parts of what was to become the United States. But it was the English who came in the largest numbers. And it was the English who came to control the thirteen colonies that stretched for 1,200 miles along the Atlantic seaboard.

These early pioneers who, almost from the beginning, had to struggle against the wilderness and fought all the Indians had to back out their own rights in the New World. And they came here in search of greater free-

TRADE AND INDUSTRIAL DIVISION OF VOCATIONAL EDUCATION

The T. and I. Club is active in promoting public relations. Some of the projects of the T. and I. Club include the operation of live classes at the Oklahoma Free State Fair and displaying samples of the year's work at the annual spring show. This gives the public an insight of the functions of the trade departments.

Each year a representative of industry is brought into the school to acquaint the entire student body, specifically, as to the qualification of an individual to fit into the industrial program. This is an objective program which makes a vast contribution in the guidance of students.

The year's work is then terminated with a magnificent annual Trade and Industrial Prom which helps to develop the social aspect of the individual and encourage an attitude of getting along with other people.

The T. and I. officers from left to right are as follows: Jackie Royal, chaplain; Columbus Parker, parliamentarian; Mr. B. J. Coleman, head sponsor; Maeola Nelson, secretary; Claudius Milton, president; Janet Bynum, assistant secretary; Raymond Welch, treasurer; Herman Moore, vice-president. Sponsors not shown are Mrs. A. L. Miller, Mr. V. L. Foshee, Mr. L. M. McCormick, Mrs. Mary L. Marshall, Mrs. M. P. Cox.
